OVERCENTER VALVES

PRODOTTO Product	DESCRIZIONE Description	TIPO Type	DIMENSIONE Dimension	PRESSIONE MAX Max Pressure		PORTATA MAX. Max Flow	
				bar	PSI	lt/min	gal/min
WBCSE	Valvola overcenter semplice effetto Single overcenter valve	01	G 1/4	350	(5000)	40	(11)
		02	G 3/8	350	(5000)	60	(16)
		03	G 1/2	350	(5000)	60	(16)
WBCSEPI	Valvola overcenter semplice effetto in linea Single Overcenter Valve Line Type	01	G 1/4	350	(5000)	40	(11)
		02	G 3/8	350	(5000)	60	(16)
		03	G 1/2	350	(5000)	60	(16)
		04	G 3/4	350	(5000)	150	(40)
WBCDE	Valvola overcenter doppio effetto Overcenter Valve Double Effect	01	G 1/4	350	(5000)	40	(11)
		02	G 3/8	350	(5000)	60	(16)
		03	G 1/2	350	(5000)	60	(16)
		04	G 3/4	350	(5000)	150	(40)

MTC presenta la nuova gamma di valvole overcenter, progettate per rispondere alle esigenze del settore mobile, in applicazioni dove il controllo dei carichi negativi e gravitazionali è di fondamentale importanza.

MTC introduce the new range of overcenter valve, designed to meet the needs of the mobile industry, in applications where the control of negative and gravitational loads is of fundamental importance.
